Intuitive

Word inspired software providing fee earners with familiar solution

Secure

ISO 27001 certified and routinely audited against ISAE 3402 standards, with annual penetration testing carried out by leading third party security firms

FromCounsel is delighted to announce the launch of its new automated document subscription service. Subscribers will have access to FromCounsel's entire library of over 250 maintained documents delivered by a market-leading automation platform.

FromCounsel has undertaken a worldwide search of available technology with a view to providing its subscribers with the best possible document drafting solutions. As a result we have added Document Drafter, the leading provider of document automation solutions in the Nordic region to our automation partner line-up, alongside Clarilis.

Combining leading automation solutions with FromCounsel's full library of maintained market-leading documents will empower corporate fee earners to produce document suites in a fraction of the time previously required.

Coverage of the new service will include all key corporate transaction documents as well as many common court application suites. All documents are reviewed by our PSL teams and members of Erskine Chambers, providing users with peace of mind as to the quality of the documents they will be deploying.

Customisation options will be available allowing subscribers to modify the underlying documents to reflect individual requirements and client needs.

We believe that FromCounsel's document automation solutions empower fee earners to produce exceptional documents at a fraction of the time and cost of other solutions as well as freeing up PSL time by eliminating the need for them to produce and maintain a full suite of precedent documents.

The new service is available at a fraction of the cost of self-automation through our unlimited access subscription model.

Empower your fee earners with document automation for an annual cost below their hourly rate.

For further details and to arrange a demo, please contact your FromCounsel contact or use the email below.
